HARTFORD TIRES.

There is only one reason for the popularity of pneumatic tires. They save effort. The less power you have to expend more your enjoyment.

Now there are all kinds of pneumatic tires, good and bad, high priced and low priced. The good ones make bicycling a pleasure, the bad ones make it work, work as depressing as if it were on a treadmill.

If you want to get the best enjoyment out of your wheel get the best possible tires. Better a cheaper grade wheel with good tires than the best wheel with poor ones.

The poorer bearings on the cheaper wheel might use up two or three per cent more power. The poorer tires will certainly use up ten or fifteen per cent and will make the better wheel run worse than the poorer one.

made of heavy fabric stiffened with rubber filled with mineral compounds. It cannot be made pliable because that would mean pure rubber, and rubber is expensive. It cannot fit itself to the rough places in the road so quickly and so waste power.

HARTFORD TIRES

Stand in a class by themselves. They are soft and pliable and so save effort. They are high priced because fabric and rubber are the best that can be procured, but are more economical in the end because they wear

Brooklyns Win Through Good Fielding and Timely Hitting.

PHILLIES TAKE TWO FROM NEW YORK

Frank Bonner, the Veteran Minor Leaguer, Secured by Washington.

HULEN TO BE RELEASED

Today's Schedule, Washington at Brooklyn. Baltimore at Boston New York at Philadelphia. Cleveland at Pittsburg. Louisville at Chicago.

Sunday Games. Louisville at Chicago. Cleveland at Chicago. St. Louis at Cincinnati. Record of the Clubs.

Refreshed by the rest of Thursday, the Brooklyns and the Washingtons went out on

yesterday afternoon, and put up a very snappy, gingery game of ball, to the delight of 2,500 spectators. The Senators surprised all who saw their performance by their improvement in form. They played a neat fielding game, even though they were shut out. Could they have batted as well as they fielded, the joy

that prevailed in Gowanus last evening would have been conspicuous by its ab-But their batting was not on a par with their fielding, because there was something hypnotic about big Mr. Kennedy's delivery, and they couldn't get away from its influence. He had a varied assortment of curves and drops and shoots, besides tre-

awfully tantalizing. So, while the Washingtons got a few hits, nearly as many as the Superbas did, they failed to bunch them, with the result that not a senatorial toe touched home base.

mendous speed and a slow ball that was

Mercer's Little Bunt.

They connected with the ball first in the burth inning, when Mercer sneaked in a little bunt after McGuire had gone out, and Cassidy followed with a ripping drive past McGann. Mercer tried to get around to third on that hit, but Keeler's great throw to Casey beat him by a foot.

Gettman got a base on balls in the fifth, only to perish in a double play on Dineen's rap to Daly. Freeman made a strong bid for a home run in the seventh, but Ander-son spoiled it by taking his long drive on a dead run away out in deep center.

In the ninth Mercer was first up, and speaked in another little bunt, but nothing came of it, for Mercer was doubled up with Cassidy on the latter's rap to Daly, and McGuire popped up a fly for McGann.

The three runs the Brooklyns got were the product of sharp and timely hitting.

There were times when Dineen's delivery

ilso seemed hypnotic, and then there wer times when it did not.

One of these times, for example, was in the third inning, when Casey sped down to second as Gettman was chasing the ball just inside the foul line. As Keeler went out at first Casey moved along to third, and then secred as Slagle closed on Keller's bigh five in right center. times when it did not.

and then seered as Stagle closed on Kel-ley's high fly in right center.

Another of those times was in the sev-enth inning, when Farrell sent the ball jumping out to left for three bases, and Ketnedy drove him home with a whack to for three bases. Then Kennedy went to sleep and McGuire's quick throw to Mercer caught him.

And the last of the times alluded to was in the eighth inning, when Casey plunked the ball over Mercer's head for two bases and ran home as Kelley's rap shot between

Phillies Win Two Games.

Two games were played at Philadelphia yesterday, the Quaker boys defeating the New Yorks in both contests, the first by the score of 11 to 0, and the second, 7 to 4. Frazer pitched splendidly in the first contest, while Doheney was hit hard. In the second Meekin was hit hard, while Wheeler second Meekin was hit hard, while wheeler held the Glants down to six hits. The playing of Thomas in center field was of the sensational order. Doyle made four filts in the first game for New York. Score:

d better.
"Zeke" Wrigley slammed out a triple and a home run yesterday and the Richmonds won two games from the Lancasters. Hugh Jennings returned to Brooklyn yes-

Brooklyn offered a pitcher and \$500.

By winning two games yesterday the Phillies pushed the Chicagos out of second place. The Quaker boys are certainly get-ting a good start on their own grounds. The Bostons should be watched closely after July 5. Then the club begins to play a great majority of their games at home and will get a "hunch" on the clubs ahead of them in the championship race. Seymour will probably pitch his first game for the New Yorks today against the

Phillies, and it is more than probable that the Quakers will send "Cy" ballooning in

tle shortstop is quite ill. Yeager took his place and did well.

The admirers of the Cincinnatis need lose so sleep over that team. The Reds are just rounding into shape and will be close up with the band wagon when the season

season, and the magnates decided to put a stop to it. The western men say Mr. Wag-ner voted in favor of stopping the practice. Mr. Wagner has yet to say officially that he has ever contemplated transferring Two season's records were made in the

the St. Paul and Milwaukee clubs played a 17-inning 5-to-4 game, the former winning after two hands were out.

carrying seven pitchers evidently do not think that the batters are at the mercy of the twirlers this season. The expense is heavy and only four of the sextette are worked regularly, the other three being kept in reserve. Including salary and traveling expenses each trio not on active duty

imagined that they had a kick coming be cause the best the Perfectos could do in Cincinnati last week was an even break. These Reds will bowl the Bostons and Baltimores over many times before the seasor closes, when the easterners visit the west and the oftener the better for St. Louis championship chances.—Sporting News.
Three additional Sunday dates have been doled out to Dreyfuss, and the Louisville

magnate hopes to get two more in return for his submission. One of the new Sunday games apportioned to the Colonels is sched-uled for June 4 and will be played in the

lees with the St. Louis club after this sea-son. So says a Cincinnati contemporary. Pat has talked more or less about getting out of the game and managing his team from the bench, but he will not take the step until he is satisfied that it is for the best interests of his club. He is one of the type of players whose worth can not be estimated by the hits or plays he makes. His presence in the game is a big factor in the Perfectos' success. He plays the points and that head of his is more in evidence than his hands. May the date of his retire ment be long delayed.

EXPORTS OF BICYCLES.

The opening of the wheeling season gives especial interest to some figures just prepared by the treasury bureau of statistics. These tables show that American wheels are now being ridden in all parts of the world. In the wilds of Mexico and Central America, under the blazing skies of Cuba, Porto Rico and other West Indian islands; across the pampas of Argentine, Brazil and other South American states; amid the densely populated areas of China, British East Indies and Japan, and in the jungles of Africa, the American wheel is making its way. Even in the great manufacturing countries of Europe, where workshops and skilled workmen abound, millions of dollars' worth of American bicycles are sold each year. During the four fiscal years 1896, 1897, 1898 and 1899 the exportations of American bicycles amounted in round numbers to \$20,000,000. That such large numbers of a machine

requiring such high grades of workmanship in its production should be continuously and successfully exported, in competition with the workships of the most successful manufacturing countries of the world, is a fact of which American workmen and Americans generally may justly feel proud.

Perry's Toothnehe Wax does the work. Get Perry's, not substitutes. All druggists, 10 ets. Pittsburg yesterday in the latter city by

the score of 5 to 2, the poor fielding of the Pirates being responsible for the loss of the game, Bowerman making three errors. apparent reduction as shown by the figures which give values exclusively and do not indicate the number of machines exported

> Sent to Manufacturing Countries. One curious and interesting fact in re gard to the exports of bicycles illustrate the general tendency of our export trade in manufactures. This is the fact that a very large proportion of our exports of manufactures go to manufacturing countries. Two-thirds of our bicycles go to countries which make a specialty of mahufacturing, and this export to manufacturing countries increases rather than otherwise. It will be remembered that predictions were made a year or two ago that the ex-ports of bicycles to Japan would decrease as soon as the Japanese had obtained sufflcient numbers as models for their own factories and established themselves in the manufacture of wheels. This prediction, however, has not proven true. The exports of bicycles to Japan, which in the fiscal of bicycles to Japan, which in the fiscal year 1807 amounted to \$52,179, were in 1808 \$88,905, and in the fiscal year which ends next month will reach fully \$130,000.

To Cuba, Hawaii and Porto Rico. The islands which have been brought into closer relations with us by the events of the past year evidently appreciate bicycles as among the good things of the United States Cuba, which in the nine months of 1897 bought but \$1,469 worth, has bought in the nine months of the present fiscal year \$8,-101 worth of bicycles. The exports of bi-cycles for the full fiscal year 1898 to Cuba amount to \$9,214, to Porto Rico \$3,359, to the Hawaiian Islands \$52,072, though to the Philippines there seems to have been no direct exportation of bicycles. The largest single buyer of our bicycles

in the fiscal year 1898 was the united king-dom, which took \$1.852,166, though, as already indicated, the figures as to values for the current fiscal year will not be as large as those of last year. Germany's purchases of bicycles from us last year amounted to \$1,724,404. Canada came next in amount of purchases in this line, the total being \$611, 402, while France was next with purchase amounting to \$482,682; British Australasia next, \$309,906; Netherlands, \$251,918; Den mark, \$228,370; British Africa, \$148,503; British East Indies, \$90,388; Japan, \$88,905; China, \$27,449; Dutch East Indies, \$13,368 and Africa, \$11,647. To many of these dis-tant places the exports of bicycles in the present fiscal year will exceed those of last year. To Japan, as already indicated, the present year's exports are nearly 50 per cent in excess of those of last year; to Ar-gentina they have more than doubled, and to the British East Indies the increase is more than 150 per cent.

CHEVY CHASE GOLF TOURNEY. G. C. Lafferty Made a Record-Break-

Fine weather greeted the second day's play yesterday of the tourney of the Chevy Chase Golf Club, which was marked by a record-breaking score, made by Mr. G. C. lafferty. Mr. Lafferty made the round in 78, against the old score of 89, eclipsing the ecord by eleven tries.

Two of Washington's finest players, Messrs. Wylie and Lockett, also playing a good game, were defeated by Mr. Lafferty, Mr. Lockett scoring 83 for the round. Col Denny played a fine game, but had to suc cumb to the superior work of Ormsby Mc Cammon, the latter winning by 6 up and 5 to play. In the contest between Messrs. Boardman and Prescott the former won by There were two rounds yesterday for the

governor's cup—one in the morning and one in the afternoon. In the morning J. W. Lockett beat C. Moore, 6 up and 4 to play; G. C. Lafferty beat H. Wylie, 7 up and 5 to play; O. McCammon beat A. Keith, 9 up and 7 to play. F. L. Denny beat W. Young, Baltimore County Club, 5 up and 3 to play. In the afternoon G. C. Lafferty beat J. W. Lockett, 5 up and 3 to play, and O. McCammon beat F. L. Denny, 6 up and 5 to play. mon beat F. L. Denny, 6 up and 5 to play.

There were also two rounds for the Consolation cup. In the morning T. J. D. Fuller beat W. M. Gray, 5 up and 4 to play, and A. Parker beat C. L. Marlott, 8 up and 7 to play. These were the byes. In the first round J. F. Wilkins beat J. M. Sterrett by 5 up and 4 to play; P. Grant beat H. W. Smith, 2 up; W. J. Boardman beat P. M. Prescott, 7 up and 5 to play, and A. Parker beat T. J. D. Fuller, 2 up and 1 to play.

play.

The semi-finals of the consolation cup be played today, will go to the winner of the Lafferty-McCammon match. The sec-ond prize will go to the loser. Both contestants in the semi-finals of the consola testants in the semi-finals of the consola-tion cup are sure of prizes, first or second. There is a handsome prize for the best medal handicap score. This will be for eighteen holes, and will be played any time

during the day. This will be the most interesting day of the tourney, as there are five cups to be settled. The Marine Band will, as usual, render selections on the lawn, from 2 to 7, and will also furnish dance music after the table d'hote dinner. There is already a very large entry for the medal competition, and several out-or-town clubs will be repre-

sented. SENATORS' NEW SHORTSTOP.

Frank Bonner, the Well-Known Minor Leaguer, Will Relieve Hulen. Frank Bonner is the much-heralded short-

stop that is to relieve Billy Hulen in the make-up of the Senatorial infield. Manager Irwin has been negotiating with the Hartford club for a week past and last night the news was given out that Bonner had been

In 1803 Frank Bonner was the sensation of the minor leagues, his work for Wilkesbarre at second base being of the phenomenal order and his batting away If the weather continues clear tonight and above the 300 per cent mark. Manager Hanlon, after considerable trouble, secured Bonner for the Baltimore team, but Hugh Jennings played with such extraordinary skill during the '94 season that the new man was given very little chance to develop, and as a result he drifted back into the minor leagues once more. Taking the last two seasons into account

Taking the last two seasons into account it would appear as if Bonner has been going backward. In 1897 he played with Scranton and in 11s games had a batting record of .300, while at second base his per cent was .931. Last season he was with Rochester and Ottawa, and in 120 games batted only up to .298, his fielding at second being .923 second being .933.

This spring Bonner signed with Hart-ford and his work has been of the giltedge order. He is essentially a hitter, his fielding being of the steady kind, but not brilliant, Bonner's weight handicapping quick play. Manager Irwin is doubtless after players who can hit the ball, and Bonner is about the best man that can be secured at this season of the year. The report that Dick Padden will be moved over to short looks foolish, as Dick has enough trouble getting the ball to first from the second baseman's position and the additional distance from the left side of second base would almost put him out of the business. Should Bonner continue the gait at which he played this spring in Hart-ford he may prove a valuable man for the Senators, otherwise it will be a case of an-other "dead-one" for Washington.

Their Schedule Arranged.

The schedule for the Virginia Athletic Club of Alexandria, now in the Metropolitan League as successors to the Metrolast by the Messrs. Knoxe, Nickoli and Davis, who are president, vice president and manager, respectively. The Virginians will play two games at Washington and two at Fort Myer Heights each week. The percentage of the Stars will go to the Virginia Athletic Club. The Stars' old players were given to the

The Stars' old players were given to the Atlantics, and the latter's members were distributed among the managers of other clubs as follows: Tribenjauxe, Meeks and Hefner to Gatley of Old Glory Athletic Club; Ed. Grau, J. Macasy and Glony to Hourske of Senators; Nolan, Schmidtman, O. Dae to Niedfeldt of Admirals. Other players will probably sign with the remaining clubs. clubs LEAGUE STANDING.

Coming Sparring Bout. Jerry Marshall, the featherweight cham-

pion of Maryland, and Jack Farrell, the champion of the District of Columbia, have been matched for a twenty-round bout at Steubener's road house on the Bladensburg pike on the 25th instant. It is said that the winner of the bout will be matched against Champion George Dixon.

The open century of the Arlington wheelmen, which was postponed from last Sunday on account of the inclement weather, will be run tomorrow, weather permitting. tomorrow the roads will be in excellent condition for the run. The rain of the past week has settled the dust and will make riding enjoyable. The weather prophet has predicted fair weather for tomorrow, with fresh northwesterly winds, and that it is probable showers will prevail in this section this afternoon, followed by fair and cooler weather tonight.

Ladies' Wheel Club.

Club was held Monday evening. Considerable discussion followed the expression of doubt by one of the members that the name selected at a previous meeting was a really desirable one. It was decided that it was not, inasmuch as it was very vague. It was therefore decided finally to rename the club the "Olympia Ladies' Wheel Club." Another matter which received attention was the costumes to be worn in the jubilee parade. It is the intention of the members to make a strong bid for the club prize, even against the older clubs.

Levant Wheelmen.

The Levant Wheelmen are making great preparations for road riding this season the good weather is gradually bringing out the old riders, and quite a few new ones have been training for the century tomorpolitan Stars, was arranged on Thursday row. The boys are getting everything in condition to make the run in eight hours, as none of them would think of going in anything but the "flying squadron." A few of the boys took a run to River View last Sunday. Among those were Messrs. Sanford, Dunn, Childs, Grace, Wil-son, Entwistle and Andy Marschalk.

In pursuance of the plan formulated by the international women's peace commit-

ican branch of the international women's peace committee. These public demonstrations, it is stated have no reference to the recent treaty of peace between the United States and Spain, nor to the attitude of this government toward the insurgent Filipinos, but are solely for the purpose of expressing simultaneous-ly the sympathies and hopes of women for the ultimate success of the objects as set forth in the czar's letter. The demonstra-tions will be unified by the passage at each

committee at The Hague. The program for the meeting tomorrow, which is in harmony with that adopted by

The inspiration and object of the meeting will be the subject discussed by Mrs. Carrie D. Kent, president of the District Federa-tion of Women's Clubs. Mrs. Mary S. Gist, president of the National Women's Press Association, will contribute a paper on the czar's manifesto, which will be read by Miss Janet Richards of the national con-gress of mothers. There will be addresses by Mrs. J. Ellen Foster of the National Woman's Suffrage Association, Mrs. Kate W. Barrett, corresponding secretary of the National Council of Women, and Mrs.

Belva Lockwood, secretary of the Universal Belva Lockwood, secretary of the Universal Peace Union.

The resolutions will be introduced by Mrs.

Mary C. Terrell, president of the National Council of Afro-American Women. Miss Woodward will sing a solo, and the Red Cross will be represented by Miss Ellen S.

Mussey, dean of the Washington College Mussey, dean of the Washington College of Law. The coronation of the czar and the sincerity of his peace proposals will be discussed by Mrs. John A. Logan. The committees are: Music, Mrs. Alfred Wood, Florence Crittenden Mission; ushers, Mrs. Crace Marries, Young Women's Chris.

costs a club over \$1,000 a month.

No team has a license to take a series from the Reds on their own grounds. Clincinnati is stronger than in 1898 and is bound to be a factor in the race. Still, some small-souled and little-hearted St. Louisans imagined that they had a kick coming hear

vicinity of New York. It will be rememberd that several Sunday games were played by National League clubs near the metropdis last season, and it is taken for granted that Freedman will switch several dates so as to get more Sunday games besides that with Louisville in 1899. that with Louisville in 1899.

Oliver Tebeau is educating Schrecongost to play first base with the intention of retiring as a player, and Jesse Burkett will refuse to earn \$2,400 for six months' serv-

American Wheels Sent to All Parts of

Exports to Europe. Four million dollars' worth of American bicycles will, during the fiscal year about to end, go to European countries, countries in which the manufacturing industries antedate by generations those of the United States. To France, with all her skilled workmen and ingenuity, exportations of American bicycles in the fiscal year 1899 will be more than double in value those of 1897, while the fact there has been a general lowering of prices indicates that in numbers the increase has been very much greater. To Germany the exportations of bleycles in 1899 will be 60 per cent in ex-cess of those of 1897, though something less than those of 1898. To other countries on the continent of Europe the bicycle exports of 1890 are 50 per cent in excess of those of last year or the year before. The the unit-

A spirited meeting of the Ladies' Wheel

An enthusiastic meeting of the committee on construction of the cycle path from the secretary-treasurer, L. A. W., on last Wednesday evening. The committee reported that permission had been received from the the path and the amount necessary will be raised by popular subscription. The work will not be restricted to L. A. W. members, as the committee has decided to ask the operation of unattached riders, several Subscription blanks are now in the hands of many of our prominent wheelmen and the committee is confident that the path will be in course of construction within the next ten days.

A path to Great Falls has been talked of for several years, and cycling enthusiasts,
